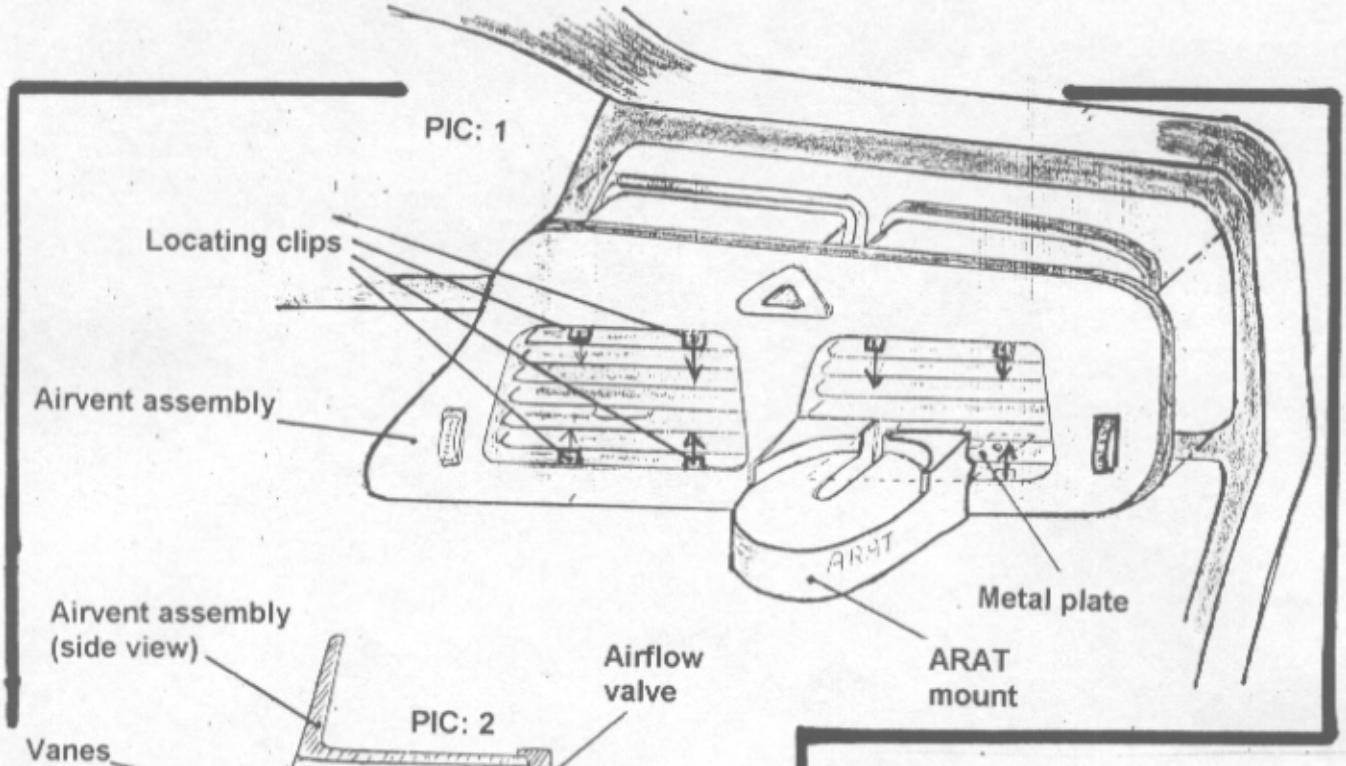
S/V 70,
Model 2000 onwards

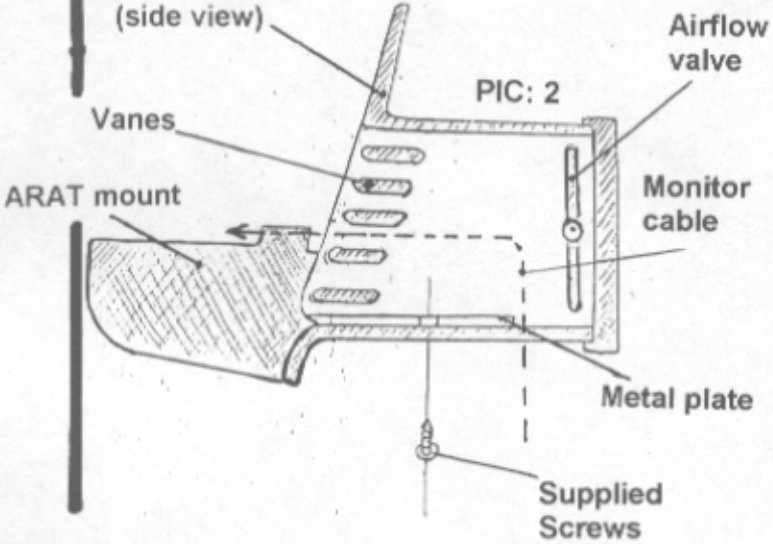
Part No: NS1245.1

ARAT GmbH
Spezialhalterungen
für Autotelefone u.-Navigationssysteme

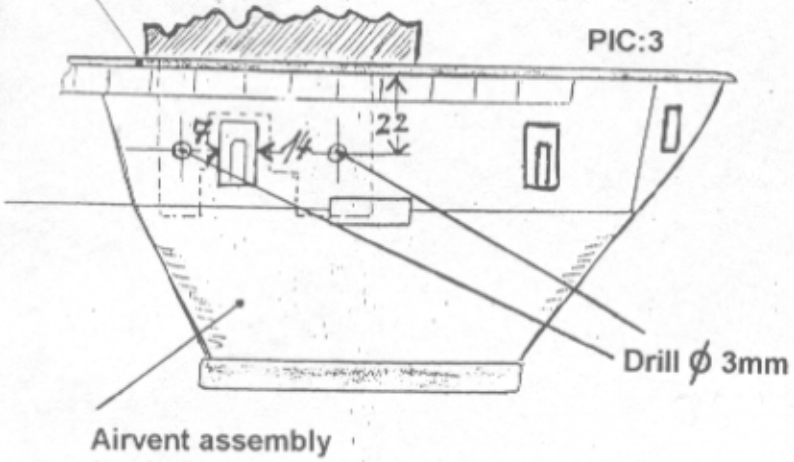
PIC: 1



PIC: 2



PIC:3



Installation instruction

1. Remove/pull out the airvent assembly from the dashboard, by moving downwards the spring clips (4 in each airvent)
2. Drill 2 x ϕ 3mm holes in the underside of the airvent assembly (see PIC: 3)
3. Slide the metal plate of the ARAT Mount into the airvent assembly (see PIC: 2)
4. Secure the mount with the supplied Screws through the airvent into The metal plate (see PIC: 2)
5. Replace the airvent assembly Into the dashboard (see PIC: 1)

Channeling of monitor cable

Place the monotor cable in front of the air flow valve, by drilling into the underside of the airvent housing, and channeling the cable through the airvent vanes
